Battery & Terminal Cleaner

DETECT

Battery & Terminal Cleaner

Limpiador de Terminales de Batería

Cleans and Neutralizes Acid
Contains Color Indicator
To Detect Leaks

CAUTION/PRECAUCIÓN:
CONTENTS UNDER PRESSURE
KEEP OUT OF REACH OF CHILDREN
SEE ADDITIONAL CAUTIONS ON BACK PANEL
CONTENIDO BAJO PRESION
MANTENGASE FUERA DEL ALCANCE DE LOS NIÑOS
VEA PRECAUCIONES ADICIONAL EN EL PANEL ATRÁS

NET WT. 18 OZ. (510 g)

QuestVapco Corporation

Detect is designed to clean and protect batteries. A color indicator is included to assist in detecting leaks. Battery terminal cleaner eliminates corrosion buildup and provides a residual corrosion preventive. This product is ideally suited to use on batteries in fleet cars, trucks, buses, golf carts, fork trucks, construction and agricultural equipment.

DIRECTIONS FOR USE: Shake well before using. Spray on cables, clamp terminals, brackets and over entire battery surface. Be sure cell covers are tightly closed prior to spraying. After a few minutes, flush off with water or damp cloth. Formula is yellow but turns red in presence of acid. Spray will neutralize any acid on battery.

MODO DE EMPLEO: Agite bien antes de usar. Rocíe en cable, pinzas y sobre la superficie completa de la batería. Asegúrese de que los sellos estén bien cerrados. Después de algunos minutos enjuague con agua y un trapo mojado. La formula es amarilla, pero se vuelve roja en presencia de ácidos. Este producto neutraliza cualquier ácido en la batería.

CAUTION: Contents under pressure. Do not use or store near heat or open flame. Exposure to temperature above 120°F may cause bursting. Never throw container into fire or incinerator.

PRECAUCIÓN: Contenido bajo presión. No use o almacene cercas del calor o llama abierta. Exposición a temperaturas por encima a 120°F puede causar explosión. Nunca tire el contenedor al fuego o al incinerador.

INGREDIENTS (CAS#): Water (7732-18-5), Propane/n-Butane (68476-86-8), Isopropyl Alcohol (67-63-0), 2-Butoxy Ethanol (111-76-2).
